AHMED AL-TALOOL

IT Support & Application Support

Ahmed.M.Saif.IT@gmail.com • 0558287245 • Sakaka, Saudi Arabia • github.com/AhmedMohammed-IT • ahmed-portfolio-gules-three.vercel.app

PROFILE

Information Technology graduate focused on IT support and application support, with practical skills in troubleshooting hardware and software issues, Windows installation and configuration, networking fundamentals, data entry and verification, and user support. Comfortable with Microsoft Office, basic SQL and the web stack (HTML, CSS, JavaScript, React, Node.js). Strong problem-solving and communication skills, with a habit of keeping data accurate and reliable, and a growing focus on building practical software.

PROJECTS

Multi-Branch Restaurant Ordering System **Sep 2026 – Present**

Personal full-stack project • React, Tailwind CSS, Node.js, Express, MySQL, Sequelize, Jest

- Online ordering, table reservations and live order tracking for a restaurant with several branches, each with its own menu, prices, opening hours and delivery fee.
- Admin dashboard with owner and branch-manager roles enforced on the server; kitchen display screen with live order updates.
- Server-side pricing and stock locking to prevent tampering and overselling; Arabic/English with right-to-left support.
- 64 automated tests and database migrations.

Personal Portfolio Website **Sep 2026**

React, Vite • Deployed on Vercel

- Bilingual (English/Arabic) website with right-to-left support, light and dark themes and a responsive layout.
